GANNAMANI ROCHISH CHOWDARY

C++ DEVELOPER | COMPETITIVE PROGRAMMER | AI-FOCUSED CSE

+91 8555845475 • rochishchowdaryg@gmail.com • CodeChef: codechef.com/users/grc_888

CAREER OBJECTIVE

First-year B.Tech Computer Science student at SRM University AP, studying Product Engineering with AI. Interested in solving problems through code and building a strong foundation in C++, C, object-oriented programming, and data structures and algorithms. Currently a 1-Star CodeChef coder with a rating of 1284, seeking a C++ internship to learn from an experienced team and contribute to practical projects.

EDUCATION

B.Tech in Computer Science & Engineering\n(Product Engineering with AI)
SRM University AP (SRMAP), Andhra Pradesh

2026 – 2030

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming with C++, Problem Solving in C, Discrete Mathematics

TECHNICAL SKILLS

Programming Languages	C++ • C
Core Competencies	Data Structures & Algorithms • OOP • STL
Tools & Platforms	GCC/G++ • VS Code • Git • GitHub • CodeChef

COMPETITIVE PROGRAMMING

1284	1 STAR	152
CodeChef Rating	CodeChef Coder	Problems Solved

LEARNING GOALS

01 • Strengthen DSA
Improve problem-solving ability and progress on CodeChef through consistent practice.

02 • Explore AI
Understand how AI contributes to the products and tools people use every day.

03 • Build Projects
Turn C++ concepts and new skills into useful, working applications.

ABOUT ME

- I like to understand how something works before building on it.
- As a first-year student, I am motivated by the opportunity to learn and improve.
- I practise regularly, ask questions when I get stuck, and keep working on weak areas.
- I aim to learn from experienced people and contribute with consistency and effort.
